DEPARTMENT OF ARTIFICIAL INTELLIGENCE & DATA SCIENCE

AI MINI HACKATHON

IN ASSOCIATION WITH AISA

TECHNICAL EVENT FOR SPECTRUM 2k26

EVENT DATE :- 27 MARCH 2k26

ENTRY FEES :- 200 PER DUO

- **Event Objective :-**

  The Mini AI Hackathon aims to encourage students to design and develop innovative Artificial Intelligence-based solutions for real-world problems within a limited time.

- **Team Structure :-**
  - Each team must consist of 2 members.
  - Cross-department teams are allowed.
  - One team leader must be selected.
  - A participant can be part of only one team.

- **Event Duration :-**
  - 2 Hours – Development Phase
  - 1 Hour – Presentation & Evaluation

- **Problem Statement Distribution :-**
  - The problem statement/idea will be revealed to all teams on the day of the event.
  - Teams must develop their solution based only on the problem provided during the hackathon.
  - No prior preparation based on specific problems will be allowed.

- **Development Rules :-**
  - Participants must bring their own laptops.
  - You can use any AI tool like ChatGPT, Gemini, Perplexity, etc.
  - Teams must write code during the event.
  - Any programming language can be used.
  - Use of open-source frameworks (TensorFlow, Scikit-learn, etc.) is allowed.
  - Plagiarism will lead to immediate disqualification.

- **Judging Criteria :-**

Criteria	Weightage (Points)
Innovation & Creativity	20
Working Model	60
Presentation & Clarity	20

- **Disqualification Conditions :-**
    - Copying code from other teams.
    - Misbehavior during the event.
    - Failure to submit within the given time.

- **Certification :-**

  Participation certificates will be provided to all registered teams. Winners will receive merit certificates.
